PRESIDENT'S MESSAGE

January is always one of the busiest months for the Sno-Eagles. Members are really involved in club business. In January the club has volunteers working the concession stand at the Derby Track for two races, volunteers working on selling trail maps and Groom to Ride raffle tickets and the club held its Weekend Away to Bowler, North-star Casino. Yes, a very busy month and without the efforts of our volunteers, our club would falter. We must also thank our Trail Boss Brian and his group of groomer operators for giving us the wonderful trails that we have. With minimal snow, the trail system is still in great shape. In the future my hope is that the club will have more new volunteers to step up and help the club during events. It is also my hope to get new and younger (well under 70) members to run for positions of club officer or director. A club needs new ideas and new opinions to grow. With that said please come to a board meeting or membership meeting and ask to get involved. Our Miss Sno-Eagle Olivia was very involved in January by being part of all the Derby Royalty and being part of the Badger State Winter Games Torch Ride. She had gold glitter in her hair during the events, WOW! Our club is growing and that is also wonderful news. On a personal note, I worked on writing a book over the last 3 years. The book, A Frozen Journey, is a short history of the Sno-Eagles snowmobile club from its inception in 1965 to 2021. The book highlights how the club was formed, how the club grew and made snowmobile trails in the area. The book lists all the club Officers from 1965 to the present, as well as all the names of the Miss Sno-Eagles. The book has a chapter on the history of the Derby Track from its inception at Dollar Lake to the present day. The book is filled with photos and many interesting facts. I must thank my Editor Carole Linn and my Publisher Matt VanSkyhawk for all their time and talent to put this book together. The book will be available for purchase on our website in the near future and it is for sale now at the World Snowmobile Museum and Chamber of Commerce in Eagle River. All proceeds go to the club for grooming operations. On a very sad note, our past Vice President Chuck Bodie lost his wife to leukemia and our past President Max Rockafellow lost his wife to cancer. Our thoughts and prayers are with your families.

TRAIL BOSS REPORT

It's that time of the season to pause, reflect, and reset!

We have been very fortunate with consistent cold, and small amounts of snow that have kept the trails in good condition. However, the base is thin and wore out! We are struggling in some areas to keep it together. The grooming team can only do so much with what we have.

We have had some unlucky mechanical breakdowns this season. This has left us using two machines for more than three weeks. The grooming team has done a great job adapting, switching machines and drags that put a twist in our scheduling.

We do an excellent job with preventative maintenance throughout the year, but wear, tear, with extreme cold will put stress on these machines and things just happen. Often times breakdowns are quick and easy to fix. Recently we had to take time and troubleshoot an electrical issue which in the end wasn't; its very frustrating. A very BIG thank you to Josh and Dan for helping make repairs when needed. We spend countless hours working with technical support, tracking parts and repairing while we work our day job.

I'd like to drop some food for thought. So much of what we do is behind the scenes when it comes to grooming, scheduling, maintenance, and yes...politics. You never knew we were operating with only one or two machines. We do make it work, but the next time you come across a stretch of trail that is bumpy or completely "UN-Rideable" most likely has a story behind the WHY? Was it a breakdown or something else?

I have enjoyed some great riding the last couple weeks. Sugar Camp has had some of the best trails in Vilas and Oneida, I complimented them.

See you on the trails,

Brian Scheid- Trail Boss

WEEKEND AWAY 2022

Seventeen people went to North Star Casino in Bowler, Wisconsin for the annual Weekend Away ride. It was very cold when they left and never got much warmer during the trip. They had a great time despite the weather and the trails were great. Brian and Jeanine Hunter planned this year's event and did a great job. Dave & Sonya Mroczynski helped put the ride together. **See more photos in the January 30 Sno-Eagles News email.**

WEEKDAY GETAWAY IS NEXT

Marv and Carol Radloff are finalizing plans for the Weekday Getaway to Park Falls and Washburn, Wisconsin in February. All of the rooms are spoken for. They will travel first to Park Falls and stay overnight. Then on to Washburn for two nights and back to Park Falls. Snowmobiles aren't allowed in the reservation near Washburn necessitating the jog through Park Falls. The group will get in a lot of riding. Let's hope for good weather.

IN MEMORIAM

Sno-Eagles lost 2 wonderful people this month: Josie Bodie and Jeanne Rockafellow.

Josie, wife of former V-P Chuck Bodie, shared his interest and passion for snowmobiling. They moved to Eagle River about 5 years ago from California and became involved in many activities in the community.

Jeanne, wife of former President, Max Rockafellow, was involved with many Sno-Eagles activities including the Miss Sno-Eagle pageants and fun skits at several weekend away events. Those who attended those events will always have fond memories of Jeanne performing with other members in song and dance routines.

Josie and Jeanne will be missed by those who knew them.

 - Grooming equipment overall is in good shape. After much diagnosis and going back and forth with Techs from Pisten Bully, Trail Bully 11 will need a new Right side drive motor. The unit is operating but with a single gear and slower speed.
